

WHILE YOUR CASINO IS CLOSED

WE'LL SECURE
YOUR CASH
WITH FOG

SECURED IN SECONDS

STOP BURGLARS IN SECONDS!

- Suitable for casinos and coming halls

PROTECT security fog is white, dense and dry and for increased disorientation, you can add a strobe light and a siren.

THE PERFECT PROTECTION AFTER CLOSING TIME

Fog security means the immediate protection of your valuables!

A PROTECT Fog Cannon will fill a room with a blanket of dense security fog, rendering the intruder blind, it works on the principle that you cannot steal what you cannot see.

Break-in

20 sec.

10 - 45 min.

Keep the intruders out for up to one hour - ample time for police or security services to arrive.

This CCTV-recording shows an attempted burglary in gaming hall. After only 12 seconds the burglar is out again with no stolen goods.

BE SAFE – SLEEP WELL WITH SECURITY FOG

Most slot machines no longer spit out coins when you win, so burglars make a beeline for the change machines when they break in to casinos and gaming halls.

As a result many slot machine fitters offer to supply fog protection when they fit slot machines and change machines. If a casino or gaming hall's change machines are ruined and empty, they cannot open for business with a loss of earnings as the result.

FOG CANNON FOR YOUR SAFETY:

- Protection of change machines
- No room is too small or too big
- Choose between more models
- Harmless fog and leaves no damage
- A modest investment and low operating costs
- Quick return on investment
- Up to 5 years warranty

GALA CASINO

” BREAK-IN RATE AT GALA GROUP REDUCED BY AN AMAZING 95%

Regional Security Manager, Ray Stribley from Gala Group says that, by installing Fog Cannons at 167 bingo halls, in a period of eight months Gala Group in England and Scotland reduced the break-in rate by an amazing 95%. Owner of Stars & Bars Casino in Australia, Andrew Roberts, says: “I can sleep peacefully at night now and I am obviously very satisfied with the protection that PROTECT gives - so is my insurance company, not to forget”, concludes Andrew Roberts. “Fog protection is certainly worthwhile,” says slot machine fitter, John Brochstedt from J.B. Service. Kurt Nielsen from Automat Fyn nods in agreement: “After installing Fog Cannons the burglaries stop completely.”

At gaming hall Guldminen in Randers, Denmark, it took a burglar just 12 seconds to realise that he could not win over the PROTECT Fog Cannon and he took to his heels. “This is proof positive that fog works,” says owner Torben Knudsen.
